Part I, Administrative Information

Chapter 1, Introduction		
--------------------------------	---	---

1-1. Purpose. This regulation provides guidance and procedures for the wear of ROTC uniforms and insignia. It specifies the basic policies concerning the SROTC and JROTC uniform and distinctive insignia for wear on the uniform. [AR 670-1](#) prescribes the policies concerning Army uniforms and insignia. [AR-600-8-22](#) and [CCR-672-5-1](#) prescribe the policies concerning the wear of decorations and awards. These regulations should be consulted for general policies on subjects not found in this regulation. Personnel subject to similar regulations of other military departments will, while associated with the ROTC program, also conform to Army Regulations.

1-2. References. Required publications are listed in [Appendix A](#).

1-3. Explanation of Abbreviations. Please reference [Section I](#) (also referenced in the Table of Contents [Glossary](#)).

1-4. Responsibilities.

a. The Battalion Commander (Professor of Military Science [PMS]) and Senior Military Instructor (SMI) will be responsible for--

- (1) The ROTC uniform.
- (2) Ensuring the items worn on the uniform comply with provisions in this regulation.
- (3) Ensuring that the Cadet wears only authorized items on the uniform.
- (4) Ensuring items are properly worn and are of authorized color, arrangement, size, and description.

b. The Cadet is responsible for conservation of uniform clothing as prescribed in [AR 700-84](#), paragraph 9-3.

Part II, Senior ROTC Program

2-1. General

a. Each Cadet and each alien student authorized to participate in the Advanced Course may be furnished an issue or Cadet-type uniform as determined by Commander, U.S. Army Cadet Command. Educational institutions which provide Cadet-type uniforms or desire to purchase issue type uniforms from Army or commercial sources may be authorized to draw commutation in lieu of issue of government uniforms.

Current policy restricts payment of commutation to institutions hosting corps of Cadets and qualifying for special rate of commutation as explained in [AR 145-1](#), paragraph 4-2.

b. The operating policies and procedures concerning the supply of issue uniforms to institutions are set forth in [AR 700-84](#), chapters 9 and 10.

c. At the discretion of the Battalion Commander, uniforms (Cadet and issue type) purchased with commutation funds may become the property of the Cadet who is commissioned, except in the case of alien students whose uniforms will be retained by the detachment. Cadet-type uniforms may, at the discretion of the Battalion Commander,

become the property of the Cadet who is not commissioned; however, settlement and reimbursement to the Government will be in accordance with (IAW) [AR 700-84](#).

d. Uniform items issued to the detachment (issue type) are the property of the Government and may not be given to the Cadet. If the Cadet wishes to retain the issued uniform, it may be purchased IAW procedures outlined in [AR 700-84](#), paragraph 9-10.

e. The Patrol Cap, Garrison Cap, and Service Cap are the only headgear authorized for wear by Cadets ([CTA 50-900](#)). It will be worn IAW [AR 670-1](#).

f. The boots are laced diagonally with black laces, with the excess lace tucked into the top of the boot under the bloused trousers or slacks, or wrapped around the top of the boot. Personnel will keep shoes and black boots cleaned and shined. Brown boots will be clean.

2-2. Uniforms Authorized. The following uniforms are authorized for wear by ROTC Cadets:

a. Cadet-type uniform. Detachments authorized commutation in lieu of uniform may adopt a military uniform of any type or color they desire, provided there is no conflict with any provision of law or regulation.

b. Issue type uniform. The issue type uniform is identical to that issued to the enlisted personnel of the U.S. Army, or so similar in design and fabric that one cannot be distinguished from the other. The [CTA 50-900](#) furnishes basis of issue and [AR 700-84](#) prescribes the procedure for requisitioning.

(1) The regulation button prescribed for the uniform of Army personnel in [AR 670-1](#) will be worn on the issue type ROTC uniform. The Corps of Engineers button is not authorized.

(2) Issue type uniforms worn by ROTC Cadets will include distinctive unit insignia.

(3) Battle Dress Uniform (BDU)/Army Combat Uniform (ACU) field uniforms will have as a minimum a U.S. Army tape, nametape, unit patch and a U.S. Flag.

(4) No braid or stripes of any color will be worn on the coat or trousers of the Army Green uniform when worn as an ROTC uniform. Cadets in their senior year may be authorized to wear braid on the coat and trousers of the Army Green uniform **30-60** days prior to commissioning; but not prior to the George C. Marshall Seminar. The chin strap of the service cap will be black.

2-3. Wearing of the Uniform.

a. The Army ROTC issue uniform will not be worn outside of the United States and its possessions, except by specific authority.

b. ROTC Cadets may wear the issue uniform within the United States and its possessions when--

(1) Assembling for the purpose of military instruction.

(2) Engaging in the military instruction of a Cadet Corps or similar organization.

(3) Traveling to and from the institution in which enrolled.

(4) Visiting a military station for participation in military drills or exercises.

(5) Attending other functions as authorized by the Battalion Commander for such wear.

c. Mixing military with civilian attire is not authorized.

d. BDUs/ACUs may only be worn on duty when prescribed by the Battalion Commander. These uniforms are issued as utility, field, or training uniforms and are not intended to be worn as all-purpose uniforms when other uniforms are more appropriate. For exceptions to this policy, see [AR 670-1](#), paragraph. 2-6c.

e. The United States Army is the most trusted organization to the American public. To keep the dedicated efforts of our Cadets visible to the American public, the ACU and BDU uniforms are authorized for wear during commercial travel in CONUS. Commanders and leaders will ensure Cadets present a professional appearance and reflect positively on the Army at all times.

2-4. Hair, Cosmetic, Fingernail, Hygiene/Grooming, and Tattoo Policies (Male/Female).

a. Hair.

(1) General. The requirement for hair grooming standards is necessary to maintain uniformity within a military population. Many hairstyles are acceptable, as long as they are neat and conservative. It is not possible to address every acceptable hairstyle, or what constitutes eccentric or conservative grooming. Therefore, it is the responsibility of leaders at all levels to exercise good judgment in the enforcement of Army policy. All Cadets will comply with the hair, fingernail, and grooming policies while in any military uniform or while in civilian clothes on duty.

(a) Leaders will judge the appropriateness of a particular hairstyle by the appearance of headgear when worn. Cadets will wear headgear as described in the

applicable chapters of this regulation. Headgear will fit snugly and comfortably, without distortion or excessive gaps. Hairstyles that do not allow soldiers to wear the headgear properly, or that interfere with the proper wear of the protective mask or other protective equipment, are prohibited.

(b) Extreme, eccentric, or trendy haircuts or hairstyles are not authorized. If Cadets use dyes, tints, or bleaches, they must choose those that result in natural hair colors. Colors that detract from a professional military appearance are prohibited. Therefore, Cadets should avoid using colors that result in an extreme appearance. Applied hair colors that are prohibited include, but are not limited to, purple, blue, pink, green, orange, bright (fire-engine) red, and fluorescent or neon colors. It is the responsibility of leaders to use good judgment in determining if applied colors are acceptable based upon the overall effect on the Cadet's appearance.

(c) Cadets who have a texture of hair that does not part naturally may cut a part into the hair. The part will be one straight line, not slanted or curved, and will fall in the area where the Cadet would normally part the hair. Cadets will not cut designs into their hair or scalp.

(2) Male haircuts will conform to the following standards.

(a) The hair on top of the head must be neatly groomed. The length and bulk of the hair may not be excessive or present a ragged, unkempt, or extreme appearance. The hair must present a tapered appearance. A tapered appearance is one where the outline of the Cadet's hair conforms to the shape of the head, curving inward to the natural termination point at the base of the neck. When hair is combed, it will not fall over the ears or eyebrows. It will not touch the collar, except for the closely cut hair at the back of the neck. The block-cut fullness in the back is permitted to a moderate degree, as long as the tapered look is maintained. In all cases, the bulk or length of hair may not interfere with the normal wear of headgear or protective masks or equipment. Males are not authorized to wear braids, cornrows, or dreadlocks (unkempt, twisted, matted, individual parts of hair) while in uniform, or in civilian clothes, on duty. Hair that is clipped closely or shaved to the scalp is authorized.

(b) Males will keep sideburns neatly trimmed. Sideburns may not be flared; the base of the sideburn will be a clean shaven, horizontal line. Sideburns will not extend below the lowest part of the exterior ear opening.

(c) Males will keep their face clean-shaven when in uniform or in civilian clothes on duty. Mustaches are permitted; if worn, males will keep mustaches neatly trimmed, tapered, and tidy. Mustaches will not present a chopped off or bushy appearance, and no portion of the mustache will cover the upper lip line or extend sideways beyond a vertical line drawn upward from the corners of the mouth. Handlebar mustaches, goatees, and beards are not authorized. If an appropriate medical authority prescribes beard growth, the length required for medical treatment must be specified. For example, "The length of the beard will not exceed 1/4 inch." (See TB MED 287) Cadets

will keep the growth trimmed to the level specified by appropriate medical authority, but they are not authorized to shape the growth into a goatee, a “Fu Manchu,” or handlebar mustache.

(d) Males are prohibited from wearing wigs or hairpieces while in uniform or in civilian clothes on duty, except to cover natural baldness or physical disfiguration caused by an accident or medical procedure. When worn, wigs or hairpieces will conform to the standard haircut criteria as stated in paragraph 2–4a(2)(a) above.

(3) Female haircuts will conform to the following standards.

(a) Females will ensure their hair is neatly groomed, that the length and bulk of the hair are not excessive, and that the hair does not present a ragged, unkempt, or extreme appearance. Likewise, trendy styles that result in shaved portions of the scalp (other than the neckline) or designs cut into the hair are prohibited. Females may wear braids and cornrows as long as the braided style is conservative, the braids and cornrows lie snugly on the head, and any hair holding devices comply with the standards in paragraph 2–4a(3)(d) below. Dreadlocks (unkempt, twisted, matted individual parts of hair) are prohibited in uniform or in civilian clothes on duty. Hair will not fall over the eyebrows or extend below the bottom edge of the collar at any time during normal activity or when standing in formation. Long hair that falls naturally below the bottom edge of the collar, to include braids, will be neatly and inconspicuously fastened or pinned, so no free-hanging hair is visible. This includes styles worn with the physical fitness uniform/improved physical fitness uniform (PFU/IPFU).

(b) Styles that are lopsided or distinctly unbalanced are prohibited. Ponytails, pigtails, or braids that are not secured to the head (allowing hair to hang freely), widely spaced individual hanging locks, and other extreme styles that protrude from the head are prohibited. Extensions, weaves, wigs, and hairpieces are authorized; however, these additions must have the same general appearance as the individual’s natural hair. Additionally, any wigs, extensions, hairpieces, or weaves must comply with the grooming policies set forth in this paragraph.

(c) Females will ensure that hairstyles do not interfere with proper wear of military headgear and protective masks or equipment at any time (see paragraph 2-4a(1)(a) above). When headgear is worn, the hair will not extend below the bottom edge of the front of the headgear, nor extend below the bottom edge of the collar.

(d) Hair-holding devices are authorized only for the purpose of securing the hair. Cadets will not place hair holding devices in the hair for decorative purposes. All hair-holding devices must be plain and of a color as close to the soldier’s hair as is possible or clear. Authorized devices include, but are not limited to, small, plain scrunchies (elastic hair bands covered with material), barrettes, combs, pins, clips, rubber bands, and hair bands. Devices that are conspicuous, excessive, or decorative are prohibited. Some examples of prohibited devices include, but are not limited to, large,

lacy scrunchies; beads; bows; claw clips; clips, pins, or barrettes with butterflies, flowers, sparkles, gems, or scalloped edges; and bows made from hairpieces.

b. Cosmetics.

(1) General. As with hairstyles, the requirement for standards regarding cosmetics is necessary to maintain uniformity and to avoid an extreme or unmilitary appearance. Males are prohibited from wearing cosmetics, to include nail polish. Females are authorized to wear cosmetics with all uniforms, provided they are applied conservatively, are in good taste, and complement the uniform. Leaders at all levels must exercise good judgment in the enforcement of this policy.

(a) Females may wear cosmetics if they are conservative and complement the uniform and their complexion. Eccentric, exaggerated, or trendy cosmetic styles and colors, to include makeup designed to cover tattoos, are inappropriate with the uniform and are prohibited. Permanent makeup, such as eyebrow or eyeliner, is authorized as long as the makeup conforms to the standards outlined above.

(b) Females will not wear shades of lipstick and nail polish that distinctly contrast with their complexion, detract from the uniform, are extreme. Some examples of extreme colors include, but are not limited to, purple, gold, blue, black, white, bright (fire-engine) red, khaki, camouflage colors, and fluorescent colors. Cadets will not apply designs to nails or apply two-tone or multi-tone colors to nails.

(2) Females will comply with the cosmetics policy while in any military uniform or while in civilian clothes on duty.

c. Fingernails. All personnel will keep fingernails clean and neatly trimmed. Males will keep nails trimmed so as not to extend beyond the fingertip. Females' fingernails will not exceed a nail length of 1/4 inch, as measured from the tip of the finger. Females will trim nails shorter if the commander determines that the longer length detracts from the military image, presents a safety concern, or interferes with the performance of duties.

d. Hygiene and body grooming. Soldiers will maintain good personal hygiene and grooming on a daily basis and wear the uniform so as not to detract from their overall military appearance.

e. Tattoos. Tattoos or brands that are extremist, indecent, sexist, or racist are prohibited, regardless of location on the body, as they are prejudicial to good order and discipline within units.

2-5. Wear of Jewelry.

a. Cadets may wear a wristwatch, a wrist identification bracelet, and two rings (a wedding set is considered one ring) with Army uniforms, unless prohibited by the

commander for safety or health reasons. Any jewelry Cadets wear must be conservative and in good taste. Identification bracelets are limited to medical alert bracelets and MIA/POW identification bracelets. Cadets may wear only one item on each wrist.

b. No jewelry, other than that described in paragraph 2-5a above, will appear exposed while wearing the uniform; this includes watch chains, or similar items, and pens and pencils. The only authorized exceptions are religious items described in paragraph 1-7b, above; a conservative tie tack or tie clasp which male Cadets may wear with the black four-in-hand necktie; and a pen or pencil that may appear exposed on ACUs.

c. Body piercing. When on any Army installation or other place under Army control, Cadets may not attach, affix, or display objects, articles, jewelry, or ornamentation to or through the skin while they are in uniform, in civilian clothes on duty, or in civilian clothes off duty (this includes earrings for male soldiers). The only exception is for female soldiers, as indicated in paragraph 2-5d, below. (The term “skin” is not confined to external skin, but includes the tongue, lips, inside the mouth, and other surfaces of the body not readily visible).

d. Females are authorized to wear prescribed earrings with the service, dress, and mess uniforms.

(1) Earrings may be screw-on, clip-on, or post-type, in gold, silver, white pearl, or diamond. Earrings will not exceed 6 mm or 1/4 inch in diameter, and they must be unadorned and spherical. When worn, the earrings will fit snugly against the ear. Females may wear earrings only as a matched pair, with only one earring per ear lobe.

(2) Females are not authorized to wear earrings with any class C (utility) uniform (BDU/ACU, physical fitness, field, or organizational).

(3) When on duty in civilian attire, female Cadets must comply with the specifications listed in paragraph 2-5d(1) above when wearing earrings, unless otherwise authorized by the commander. When females are off duty, there are no restrictions on the wear of earrings.

e. Ankle bracelets, necklaces (other than those described in paragraph 1-7b), faddish (trendy) devices, medallions, amulets, and personal talismans or icons are not authorized for wear in any military uniform, or in civilian clothes on duty.

2-6. Wear of Eyeglasses, Sunglasses, and Contact Lenses

a. Wear of eyeglasses and sunglasses.

(1) Conservative civilian prescription eyeglasses are authorized for wear with all uniforms.

(2) Conservative prescription and nonprescription sunglasses are authorized for wear when in a garrison environment, except when in formation and while indoors. Individuals who are required by medical authority to wear sunglasses for medical reasons other than refractive error may wear them, except when health or safety considerations apply. Cadets may not wear sunglasses in the field, unless required by the commander for safety reasons in high glare field environments.

(3) Restrictions on eyeglasses and sunglasses. Eyeglasses or sunglasses that are trendy, or have lenses or frames with initials, designs, or other adornments are not authorized for wear. Cadets may not wear lenses with extreme or trendy colors, which include, but are not limited to, red, yellow, blue, purple, bright green, and orange. Lens colors must be traditional gray, brown, or dark green shades. Personnel will not wear lenses or frames that are so large or small that they detract from the appearance of the uniform. Personnel will not attach chains, bands, or ribbons to eyeglasses. Eyeglass restraints are authorized only when required for safety purposes. Personnel will not hang eyeglasses or eyeglass cases on the uniform, and may not let glasses hang from eyeglass restraints down the front of the uniform.

b. Restrictions on contact lenses. Tinted or colored contact lenses are not authorized for wear with the uniform. The only exception is opaque lenses that are prescribed medically for eye injuries. Additionally, clear lenses that have designs on them that change the contour of the iris are not authorized for wear with the uniform.

2-7. Wear of Religious Apparel, Articles and Jewelry. As provided by AR 600–20, paragraph 5–6, and subject to temporary revocation because of health, safety, or mission requirements, the following applies to the wear of religious apparel, articles, or jewelry.

a. Religious apparel is defined as articles of clothing worn as part of the observance of the religious faith practiced by the Cadet. Religious articles include, but are not limited to, medallions, small booklets, pictures, and copies of religious symbols or writing carried by individuals in wallets or pockets. Except as noted below, personnel may not wear religious items if they do not meet the standards of this regulation. Requests for accommodation will not be entertained (see AR 600-20, paragraph 5-6g[2][d]).

b. Cadets may wear religious apparel, articles, or jewelry with the uniform, to include the physical fitness uniform, if they are neat, conservative, and discreet. “Neat conservative, and discreet” is defined as meeting the uniform criteria of this regulation. In other words, when religious jewelry is worn, the uniform must meet the same standards of wear as if the religious jewelry were not worn. For example, a religious item worn on a chain may not be visible when worn with the utility, service, dress, or mess uniforms. When worn with the physical fitness uniform, the item should be no more visible than identification (ID) tags would be when wearing the same uniform. The width of chains worn with religious items should be approximately the same size as the width of the ID tag chain.

2-8. Wear of Identification (ID) Tags. Identification (ID) tags. The wear of ID tags is governed by AR 600–8–14.

a. Cadets will wear ID tags at all times when in a field environment, while traveling in aircraft, or when outside the continental United States.

b. Personnel will wear ID tags around the neck, except when safety considerations apply (such as during physical training).

2-9. Wear of Personal Protective or Reflective Clothing.

a. Protective headgear. Cadets are authorized to wear commercially designed, protective headgear with the uniform when operating motorcycles, bicycles, or other like vehicles, and are required to do so when installation regulations mandate such wear. Personnel will remove protective headgear and don authorized Army headgear upon dismounting from the vehicle.

b. Protective/reflective clothing. Cadets may wear protective/reflective outer garments with uniforms when safety considerations make it appropriate and when authorized by the commander.

3-1. General

a. Only insignia and other appurtenances prescribed by this regulation, [CCR-672-5-1](#), or approved by The Institute of Heraldry (TIH) are authorized for wear on the issue type uniform. Wearing of insignia on the uniform will be IAW this regulation and [AR 670-1](#) (see [Chapter 5](#) for female Cadets).

b. The Battalion Commander should direct correspondence through the applicable region and Headquarters, U.S. Army Cadet Command, to **TIH, U.S. Army, Cameron Station, Alexandria, VA 22314**, when requesting approval or information concerning distinctive insignia (including wearing of) or other uniform appurtenances. At least **90 days** should be allowed for reply. Correspondence from TIH approving designs, insignia, and related items for wear on the ROTC uniform will be an item of interest in the Biennial Command Inspection.

c. Insignia and other uniform accoutrements purchased by the institution or the Cadet must be purchased from sources, which sell items made IAW specifications. TIH will supply a list of certified manufacturers ([AR 672-8](#)).

d. Prior service Active Duty awards will not be worn along with Cadet awards. Cadets are authorized to wear either prior service Active Duty awards or Cadet awards when participating in ROTC activities.

e. The following are the only items authorized for wear on the ROTC uniform. They will be sewn on the BDU, Class A uniform, and hook and loop (with Velcro) affixed for the ACU uniform.

(8) Full color U.S. flag insignia (BDU/ACU) (Fig. 3-12a).

f. Insignia prescribed for wear with issue type uniforms may be worn with Cadet-type uniforms at the discretion of the Battalion Commander.

g. The expense of maintaining decorations such as medals, badges, and ribbons will be borne by the Cadet.

h. A distinctive shoulder sleeve and distinctive unit insignia (DUI) (metal and enamel type) will be designed by TIH upon request. Information about the battalion, including historical background, school colors, motto, mascot, and similar information must accompany the request. Battalions without institutional DUI will wear Cadet Command DUIs.

3-2. Unauthorized Items. Awards, decorations, medals, badges, ribbons, patches, tabs, shoulder cords, insignia, and any other appurtenances not prescribed by this regulation. [CCR-672-5-1](#) or approved by TIH are unauthorized for wear on the ROTC uniform. The following are examples of items not authorized for wear on the ROTC uniform:
